

**BILL AND GEORGE IS AN ARTIST RUN SPACE AND CREATIVE INDUSTRY STUDIO IN REDFERN NOW SEEKING SUBMISSIONS FOR THE THIRD ROUND OF ARTSLAB\*\*\*\*\* RESIDENCIES JULY – OCTOBER 2008. PLEASE FIND DETAILS BELOW.\*\*\*\*\***

**WHAT THE ?** Bill and George is a fanciful hybrid beast. It functions as the creative headquarters for more than a dozen handsome artists in the inner city of Redfern, Sydney, Australia. It's also an artist run initiative, a community merging point, and an inspired hub for adventurous conversation. The primary purpose of this artist led initiative is to provide affordable studio space for interdisciplinary artists within a collaborative environment, and to encourage and support experimental and hybrid practice through a jointly devised program of activities.

This residency provides shared studio space for up to 16 weeks in a well connected and vibrant inner city arts space. There are no artist fees attached to the program at this stage but are able to provide some technical support and promotional support for activities and programs created, as we continue to seek more financial support for the program.

If you have a project idea or a practice which could mutually benefit the artSlab residency program and would like to be considered please contact us on the following address:
